Subject: Denka Meeting March 6

Denka has requested a face-to-face meeting on March 6 from 9:30 – 11 am CT-Dallas in the regional office

Enforcement/Investigatory / Ex. 7(a)

However, the company is also proposing to provide a broader update (see highlight below). Please let James Turk (turk.james@epa.gov) know if you have an interest in listening into this

Enforcement/Investigatory / Ex. 7(a)

conversation and update from the company. We can add you to the meeting invitation with call-in information. See highlighted summary from the company.

Best,

David

Subject: Meeting on 3/6

David,

Thanks again for agreeing to meet with us next week and for securing the attendance from EPA personnel. We are preparing the material and as I look at it, the attendees, and the time it has been since we have met with EPA I believe we will need 2 hours for this meeting. You mentioned that attendees from DC only have one hour. Do you think they could remain longer or can we continue the meeting after they have left (we would tailor the meeting to present what they most need to see while they are with us)? Going through the data, the progress made, what we know about the offsite numbers, status of PBPK development, efforts with the community, etc. are very good topics for us to update EPA on and to discuss. Thank you David. I look forward to hearing from you...

I can call you later today if that will help.

Jorge
